

# TNF AWARD FOR A YOUNG RESEARCHER.

## **CALL**

---

In order to recognise the excellent research of young colleagues and to give it greater visibility, the Faculty of Engineering and Natural Sciences (TNF), together with the Linz University Fund, is awarding a research prize for an outstanding young researcher. The prize is endowed with EUR 3,000.

### **The following can be submitted:**

- Journal articles, contributions to collective works and monographs published in 2023
- Outstanding dissertations that were approved in 2023

### **Target group:**

- Junior researchers (pre-doc, post-doc up to three years after completing their doctorate without a tenure-track qualification agreement) at the TNF institutes of the JKU
- (Former) doctoral candidates in the Doctoral Programme in Technical Sciences and Doctoral Programme in Natural Sciences at the TNF of the JKU

### **Required documents for submission:**

- Scientific publication or dissertation including abstract as pdf file
- Documentation regarding the date of publication or of approval
- Curriculum Vitae including list of publications
- Dissertation reviews in case of submission of a dissertation

### **Deadline for submission:**

- By September 15, 2024 to [tnf-dekanat@jku.at](mailto:tnf-dekanat@jku.at).

Looking forward to your submission.

Prof. Alois Ferscha  
Dean of the Faculty of Engineering and Natural Sciences
